"Can I use my regular repair shop?"

Yes. We'll be glad to work with them, and our experienced claims adjusters can make sure that the repairs are made right and the costs are fair. If you don't have a favorite shop, we can probably refer you to one in our network of quality repair centers.

"Who pays the shop?"

We make every effort to pay the shop directly so you keep your money in your pocket. If you choose a shop that won't accept direct payment, we'll reimburse you promptly.

"How long will that take?"

Less than a week. Once the repair is finished and we've received the paperwork, your claim will be processed and mailed within five working days. Guaranteed!

"What if something breaks when I'm out of town?"

With our vast network, we'll probably be able to find a quality repair center for you anywhere in the country.

"How do I get a Preferred Warranties' service contract?"

Only from your dealer when you purchase a vehicle. Just review the options, costs, and contract with your dealer, and choose your plan. No extra vehicle inspection will be necessary. You'll get your Preferred Warranties' service contract at the same time that you purchase your vehicle. (NOTE: This will be your only chance. If you decline the coverage, you cannot change your mind at a later date.)
